Q3. Underline the errors in the given paragraph and write the correct answers in the space provided:

According to legend, Santa Claus is a fat old man who visits every house on our planet in about eight hours on one of the coldest nights of the year. Santa, as everybody knows, stop for a glass of milk and a cookie at each house along the route. He prefer to work unnoticed, so he wears a luminous red suit and travels with a pack of bell-jangling reindeer. For reasons that most people does not understand, this jolly old man enters each house not by the front door but through the chimney (whether you has a chimney or not). He customarily gives generously to children in wealthy families, and he usually remind poorer children that it's the thought that counts. Santa Claus is one of the earliest beliefs that parents try to instill in their children. After this absurdity, it's a wonder that any child ever believe in anything again.
