

NEW ERA PUBLIC SCHOOL

H-17, Mayapuri, New Delhi-110064

NEPS/PAR.CIR./2021-22/31

17th February, 2022

Dear Parent,

Your ward is going to enter the next vital phase wherein she/he has to make a very important decision of choosing a subject stream in class XI.

In keeping with our progressive mindset, the school is offering all streams to all students as they desire. However, one should always select a stream based on their interest, personality, aptitude and long-term goals in life. Do keep in mind your child's calibre. In the heat of the moment what may appear like a great opportunity, may turn out to be extremely difficult for your child and cause severe stress and heartache later on in the academic year. Please use your free will wisely.

The different subjects offered in each stream are given for your reference. You are requested to please make your ward's choice of subject stream known to us latest by 20th February, 2022. This will enable us to make Class XI time table with the minimum inconvenience to everyone. After going through the different subject combinations, please click on the following link to fill the selected stream for your ward.

<https://forms.gle/YzggUpWfAxV7WMRn7>

Please note that the special combinations are offered to students with special needs only. These subjects are offered to them keeping in mind their best interest.

Details regarding the new session of Class XI will be shared after the CBSE exams 2022.

Regards

PRINCIPAL
