NEPS/PAR.CIR./2022-23/08

24-04-2022

Dear Parents,

With effect from tomorrow i.e. 25th April, 2022 the Government has issued specific Covid guidelines for students entering and being in the school. We are going to follow all instructions as laid down by the authorities.

Please note and comply with the following as required.

1. You are requested not to send your ward to school if she/he shows any signs related to a Covid infection as specified by medical norms.
2. You are also requested to get your ward vaccinated as early as possible, if eligible.
3. Students must wear a mask covering their nose and mouth. They must also carry a spare mask for emergencies.
4. Students must carry their personal hand sanitizers.
5. Students must carry their own books, notebooks and stationery items.
6. Students must monitor their own health while in school and immediately inform their teachers, in case of any illness.

Hoping for your full cooperation to ensure the smooth process of schooling for all children.

Regards

PRINCIPAL
